// BLOOMBERG - TECH TALK
// 09.14.16
// 6:00-8:00 PM
// SUNY Buffalo
// ROOM 20 - Knox Hall
// Lyell Haynes

// Data Visualization Tools and Technology for the Bloomberg Terminal

// Lyell Haynes is Team Lead of the Data Visualization Development group at Bloomberg. In this talk, he will give an overview of the data visualizations on the Bloomberg Terminal that are used by our clients to understand financial data, as well as the challenges we face developing interactive charts for the wide variety of users and data sets.

Food will be provided.
