

Changes to the Course Schedule
Note: Changes to Exam 2 and Projects 2 & 3

Exam 2 -- Postponed until Monday March 24. Yes, this is the day after Easter but the alternative was keeping it on the day before. Plan accordingly. Makeup Exams will only be given with proof of either a medical problem or some other critical situation. The exam will be graded and grades will be posted prior to the end of the day on Friday March 28 which is the drop date. Exams will be returned in lab the following week.

Project 2 -- Postponed until Friday March 28th at 3pm. This gives everyone two full weeks and two 2-hour labs periods to work on the project. The project will be posted and emailed to you over Spring Break if not before.

Project 3 -- Postponed until Friday April 18th at 3pm. This gives everyone three full weeks and three 2-hour lab periods to work on the project.

Labs will remain 2-hours until the week of Monday April 21.

The last Exam remains fixed on the last day of classes which is April 28th. Makeups for this Exam are unlikely without proof of overwhelmingly extenuating circumstances.
