

Who We Are

CSE 410/510 ETH: Interactive Programming Environments

Ethan Blanton

Department of Computer Science and Engineering
University at Buffalo

Introductions

You don't have to follow a formula, but please include:

- Your name (as you wish to be called)
- Where you are in the program (grad, undergrad, year, ?)
- Your interests within the field
- Why you wanted to take this course/
what you thought this course might be

Experience

What languages have you used?

What languages do you like?

Are you familiar with REPLs?

Do you ever use REPLs?

Interests

Are you interested in:

- Language design
- Computer history
- Computation or PL theory
- Hardware or system considerations

Discussion

Discuss.

Next Time ...

- Lisp
