# Announcements

No lab sessions this week or next week (will begin on 9/13)

No office hours this week (will begin next week)

# Introductions

State your name, department, why you are taking the course, and a non-academic hobby

# TODO for Next Class

1. Read over the syllabus
2. Join the class Piazza
3. Think about data that is meaningful to you, your field, or your research
4. Come prepared to talk about that data! (what it represents, how it is structured, where can you get the data)
